UCI Partner Retreat for Graduate Students, Veterans and all residents of PV and VP - this is an opportunity for partners to participate in a variety of guided activities followed by engaging dialogue. The day will include interactive communication activities, a beautiful hike in Laguna Beach with ocean views, and close with a beach bonfire. Partners will gain tools in communication strategies, how to show your partner love the way they receive love, develop interpersonal assertiveness, and most importantly build positive and supportive relationships.

Your significant other does not need to live with you in order to participate in this day for getting away and spending quality time together. Did you know your academics tend to improve when your relationship is going smooth? Invest in you, your significant other, and your academic success.
